TRADING BY DIRECTORS AND SENIOR OFFICERS
DURING COURSE OF TAKE-OVER BID

Public confidence in the integrity of the capital markets requires that, so far as possible, trading take place on a basis of equality of access to information between buyer and seller. The importance of this principle and public scrutiny of the level of disclosure are intensified during the course of a take-over bid. In that context, it is especially important that trading not only take place, but also be manifestly seen to be taking place, on the basis of equality of access to information between buyer and seller.

It is the view of the Commission that directors, officers and other persons in a special relationship with an offeree company should not trade in securities of the offeree company during the currency of a take-over bid prior to the issuance of the directors' circular prescribed by the Act. Because such persons may have the responsibility for determining the response of the offeree company to the take-over bid, trading by such persons while formulating that response may in itself be material information or may constitute the basis for unreliable information in the market. If such a person chooses to trade following the issuance of a directors' circular, such trades should be consistent with any disclosures made in the directors' circular and, moreover, the intention to make such trades should be disclosed in the circular. In addition, insiders trading in such circumstances have a duty to ensure that no undisclosed additional material changes have occurred between the issuance of the directors' circular and the execution of the trades. Like principles apply to trading by an individual director or officer following his issuance, pursuant to subsection 96(3) of the Act, of a personal recommendation to accept or reject a take-over bid.

On July 23rd, 1981 Brascan Limited ("Brascan") and the Caisse de Depot et Placement du Quebec ("Caisse") announced the formation of Brascade Resources Inc. ("Brascade"), a company to be owned 70% by Brascan and 30% by the Caisse. They also announced that Brascade would acquire Brascan's and the Caisse's combined 28% holdings of Noranda Mines Limited ("Noranda") and would in the near future make a circular take-over bid for up to 20,000,000 Noranda common shares at a value of \$36 1/4 per share and up to 1.8 million Noranda convertible preferred shares at a value of \$109.00 per share, to increase Brascade's holdings to approximately 39.2% of each class.

On August 13th, 1981 Brascade and Noranda announced that an agreement had been reached pursuant to which Brascade would purchase from Noranda's treasury 12.5 million common shares at \$40.00 cash per share, and would amend its proposed take-over bid such that Brascade would offer to acquire only 10,000,000 common shares at a value of \$40.00 per share and 1.8 million convertible preferred shares at a value of \$110.00 per share. The announcement stated that Brascade's interest in Noranda would thereby be increased to 37%, assuming that the take-over bid was successful, that Brascade would be allowed proportionate representation on an expanded Noranda board of directors, and that Noranda would be preserved as a widely held public company with Brascade holding less than 50% of its shares.

In response to Brascade's formal take-over bid, the Noranda directors issued a directors' circular dated September 8th, 1981, which disclosed certain trades in Noranda securities by insiders of Noranda between July 23rd, 1981 and August 13th, 1981. On July 28th, 1981 Mr. William James, a director and Executive Vice-President of Noranda, sold 37,600 common shares of Noranda at an average price of \$33.51 per share. On August 4th and 5th, 1981 Mr. E. Kendall Cork, a Senior Vice-President and Treasurer of Noranda, sold a total of 10,000 common shares of Noranda at an average price of \$32.03 per share. Also, on August 4th and 5th, 1981 Mr. Alfred Powis, a director, Chairman of the Board and president of Noranda, sold a total of 20,000 common shares of Noranda at an average price of \$32.11 per share.

The Commission is of the opinion that the principles and concerns outlined at the beginning of this release were applicable in the cases of Messrs. Powis, James and Cork and that, in all of the circumstances, these individuals should not have sold their shares in Noranda prior to the issuance of a directors' circular.

The Commission has considered the fact that this is the first time it has had occasion to comment upon the issue of trading by directors and senior officers during the currency of a take-over bid prior to the issuance of a directors' circular prescribed by the Act. The Commission is also mindful of the time that has elapsed since the trades in question. Because of these factors, the Commission has concluded that it would not be contrary to the public interest to terminate the pending hearing under Section 124 of the Act.

Messrs. Powis, James and Cork were provided with a copy of this notice and with an opportunity to comment in advance.

DATED at Toronto this 31st day of August, 1983.

DECISIONS, ORDERS AND RULINGS

2.1 AMERICAN CHROMIUM LIMITED

IN THE MATTER OF THE SECURITIES ACT,
R.S.O. 1980, CHAPTER 466

AND

IN THE MATTER OF AMERICAN CHROMIUM LIMITED

RULING (Section 73)

UPON the application of American Chromium Limited ("American Chromium") to the Ontario Securities Commission (the "Commission") for a ruling pursuant to section 73 of the Securities Act, R.S.O. 1980, c. 466 (the "Act") with respect to the issuance of Class "B" Common (Non-Voting) Shares ("Class B Shares") in the capital stock of American Chromium to holders of certain debentures of American Chromium;

AND UPON it appearing to the Commission that:

1. American Chromium is a company incorporated under the laws of Alberta and is a reporting issuer within the meaning of the Act;
2. The Class "A" Common Voting Shares and the Class B Shares of American Chromium are listed on the Alberta Stock Exchange (the "ASE");
3. On or about January 30, 1981, American Chromium issued \$2,500,000 principal amount of convertible debentures (the "Debentures") to various individuals and corporations (the "Debentureholders"), of which \$1,800,000 principal amount is outstanding at the present time;
4. \$700,000 principal amount of Debentures was issued to five Debentureholders resident in Ontario pursuant to the exemption contained in clause 71(1)(d) of the Act;
5. There remain at the present time three Debentureholders resident in Ontario, which Debentureholders collectively hold \$500,000 principal amount of Debentures;

6. Under the terms of a Trust Indenture dated January 30, 1981 between American Chromium and Montreal Trust Company, the Debentures were convertible into Class B Shares at a conversion price commencing at \$5.00 per share up to and including December 30, 1982 and escalating upwards to the date upon which the Debentures became due (such conversion price being hereinafter called the "Conversion Price");
7. Interest is required to be paid on the Debentures, in semi-annual instalments on the last days of June and December during the term of the Debentures, at the rate of Bank Prime plus 1% to a maximum rate of 15% per annum;
8. The Debentures have a maturity date of December 31, 1985;
9. American Chromium has been unable to make the interest payments which became payable to Debentureholders on June 30, 1983;
10. American Chromium and the Debentureholders have renegotiated the terms of convertibility of the Debentures and the payment of interest on the Debentures so that in consideration of American Chromium agreeing to a reduction in the Conversion Price, the Debentureholders have agreed to accept Class B Shares in lieu of interest on the Debentures, with American Chromium to have the option of making the interest payments on the Debentures either in cash or its equivalent or in the form of Class B Shares; and
11. American Chromium proposes to issue 146,700 Class B Shares to the Debentureholders in lieu of the interest payable on June 30, 1983, such number of shares being approximately 3% of the number of Class B Shares issued and outstanding as at the date hereof;

AND UPON being satisfied that to make this ruling would not be prejudicial to the public interest;

IT IS RULED pursuant to section 73 of the Act that the issuance by American Chromium to Debentureholders resident in Ontario of Class B Shares in lieu of any interest payable now or in the future under the Debentures is not subject to sections 24 and 52 of the Act;

AND IT IS FURTHER RULED that the first trade in each of the Class B Shares issued pursuant to this ruling is not subject to section 52 of the Act, provided that:

1. Such first trade
 - (a) is not a distribution as defined in subparagraph 1(1)11(iii) of the Act;
 - (b) is not made earlier than five business days subsequent to the public disclosure by American Chromium of the issuance of such Class B Share; and
 - (c) is made through the facilities of the ASE; and
2. American Chromium shall provide a copy of this ruling to all Debentureholders resident in Ontario.

The Commission convened this hearing pursuant to a notice (the "Notice") dated November 5, 1982 to consider whether it is in the public interest to order, pursuant to section 124 of the Securities Act (the "Act"), that any or all of the exemptions contained in sections 34, 71, 72 and 88 of the Act do not apply to Joseph Burnett ("Burnett") or to any person or company which he controls, or is in a position to materially affect control. The Notice alleges three general grounds upon which the Commission could base a section 124 order against Burnett:

(1) that a temporary cease trade order relating to common shares of Crown Trust Company ("Crown Trust") issued by the Commission under section 123(3) of the Act was violated by Burnett;

(2) that while Burnett was in a special relationship with Crown Trust Burnett violated section 75(1)(b) of the Act by informing certain persons of a material change in the affairs of Crown Trust; and

(3) that Burnett caused statements to be made in The Globe and Mail which constituted a misrepresentation of his intentions.

1. The Alleged Violation of the Temporary Order

The temporary order issued under section 123(3) of the Act was issued by the Commission on September 9, 1982 in the following terms:

"...it is ordered that trading in common shares of Crown Trust Company, directly or indirectly, to Joseph Burnett or associates of Joseph Burnett, shall cease forthwith for a period of 15 days."

A succinct statement of the basis for the temporary order is set out in the recital to the Order in the following terms:

"Upon the request of staff of the Ontario Securities Commission (the "Commission"), and upon the request of the Financial Institutions Division of the Ministry of Consumer and Commercial Relations (Ontario), and upon the Commission having formed the opinion that to make the within order is in the public interest and that the length of time required for a hearing could be prejudicial to the public interest...."

The cease trade order issued under section 123(3) (the "Temporary Order") was issued moments prior to the completion of an agreement dated August 24, 1982 between Burnett and a group of vendors related to H. Reuben Cohen and Leonard Ellen for the sale to Burnett of 236,556 common shares of Crown Trust for a purchase price of \$34.50 per share. These shares represented approximately 32% of the outstanding Crown Trust common shares. Upon receiving notice of the Temporary Order, the parties to the August 24 agreement entered into an escrow agreement dated September 9, 1982 under which the shares which were the subject of the agreement (the "Cohen and Ellen Shares") were deposited in trust with counsel for the purchaser and the purchase price to be paid for the Cohen and Ellen Shares was deposited with counsel for the vendors. In the escrow agreement Burnett, the apparent purchaser, recites that:

"...it had been the intention throughout, with your knowledge, that the actual purchaser of the Crown Trust Shares would be BNA Realty Inc. ("BNA"), all of the issued shares of which were owned by Theodore Burnett.* BNA is not an associate of mine within the meaning of the Securities Act."

BNA is a company, one outstanding common share of which was at all material times owned by Theodore Burnett, a brother of Burnett, with a home different from Burnett's. This share had been transferred to him on January 5, 1982 for nominal consideration from Ruthbern Holdings Limited, a company owned by Burnett's wife and managed by Burnett. The escrow agreement, in addition to being executed by Burnett and the vendors, is also executed by BNA. The terms of the escrow agreement provide as follows:

"(d) Notwithstanding (b) or (c), BNA shall have the right, at any time, to cause the Crown Trust Shares to be sold to a third party, in which event the funds held in trust by McCarthy & McCarthy shall be released to you and the share certificates held by Gordon, Traub, Rotenberg & May shall be delivered to such third party on the written direction of BNA."

Ultimately the escrowed shares were sold to Greymac Credit Corporation for \$62.00 per share by an agreement dated October 7, 1982. Although the latter agreement recites that BNA "...is the beneficial owner of 236,556 common shares of the capital stock of Crown Trust Company...", it is doubtful that this was the case in law. More likely, in the agreement with Greymac Credit Corporation, BNA exercised its rights under the escrow agreement to cause the escrowed shares to be sold to a third party - Greymac Credit Corporation.

* There were also 50,000 non-voting non-convertible preference shares of BNA outstanding owned by Burnac Leaseholds, a company owned as to 60% by Burnett.

Pursuant to an agreement dated August 31, 1982, Burnett also agreed to purchase the 11,929 Crown Trust common shares owned by Co-Operators Insurance Association ("Co-Operators") on the same terms as the Cohen and Ellen Shares, at the request of Ellen. Burnett's interest in the Co-Operators agreement was assigned to BNA by an assignment dated August 31, 1982. The scheduled closing date of the agreement with Co-Operators was September 24, 1982, however, the completion of this purchase was advanced to September 14, 1982. The Co-Operators shares were also sold by BNA to Greymac Credit by an agreement dated October 7, 1982. The notice of hearing alleges that Burnett's involvement in the negotiations with Co-Operators constituted a violation of the Temporary Order.

The Notice of Hearing also alleges that Burnett's involvement in negotiations with Canwest Trustco Inc. and Canwest Corporation to purchase the 407,340 shares owned by these companies (the "Canwest Shares") violated the Temporary Order. These negotiations resulted in an offer under BNA's signature dated September 17, 1982 to purchase the Canwest Shares at a purchase price of \$37.50 per share.

The validity of the Temporary Order was challenged by counsel for Burnett. We comment upon this issue further, but for purposes of the following discussion, we have assumed the validity of the Temporary Order.

Commission staff had two obstacles to overcome in proving a violation of the Temporary Order. Staff had to prove that:

- (1) the alleged trading in the Crown Trust Shares was to Burnett or to associates of Burnett; and
- (2) if the alleged trading in the Crown Trust Shares was to Burnett or to associates of Burnett, the activity complained of did constitute trading in common shares of Crown Trust contrary to the Temporary Order.

Considerable hearing time was consumed by the issue of Burnett's involvement in the activities in question. For example, we heard from Reuben Cohen as to his negotiations with Burnett of the agreement to purchase the Cohen and Ellen bloc. Cohen testified that virtually all negotiations were conducted with Burnett, although the first draft of the agreement showed Theodore Burnett as purchaser. Theodore Burnett was inserted as the purchaser at Burnett's instruction. Ultimately Burnett was shown as purchaser at the request of Cohen, who preferred dealing with a party known to him.

The Commission also heard from I.H. Asper, Chairman of Canwest Capital Corporation, as to discussions with Burnett after the execution of the agreement concerning the Cohen and Ellen bloc. Asper testified that in the course of these discussions he had the impression that Burnett was the principal defining his plans for Crown Trust. After the issue of the Temporary Order, Asper testified that he received a "somewhat threatening" call from Burnett alleging that Asper was responsible for the Temporary Order. Asper also referred to discussions with Burnett of the proposed purchase of the Canwest block by Burnett, in which Burnett held that he could deal in the Crown Trust Shares unimpaired by the Temporary Order by simply acting as the lawyer on the transaction. Asper's testimony also was to the effect that Burnett had advised him that, if necessary, Burnett could produce another purchaser.

The Commission also heard from Barry Rotenberg, counsel for Burnett, who provided evidence on the manner in which Burnett and his related group of companies functioned. Rotenberg took instructions from Burnett and considered Burnett to be his client. He testified that

"A share purchase was like closing a real estate transaction - when the day of closing comes, you find out who the buyer is; they tell you that it's this numbered company or this whatever it may be and you close...."

Rotenberg commented further upon Burnett's manner of conducting business as follows:

"Well I've known them...in doing transactions in one way or another since 1978. I've never found anything that Joe was the owner of that I know."

And further:

"Well when the securities would come you'd see different things. He seemed to be involved like an officer and director but it's always 'that's my wife's', 'that's my brother's'. 'I gave Teddy that shopping centre. Ruth and my kids that, my family trust', etc. etc."

The financing for the purchase of the Cohen and Ellen Shares, amounting to approximately \$8,161,000, was provided by Burnett and by Burnac, a Burnett controlled company.

Other evidence was that Burnett was Chairman of BNA until August 31, 1982 when Theodore Burnett became Chairman. Burnett remained one of the three directors with Theodore Burnett and Trevor Smith, an employee of Burnac.

Burnett advised the Commission that his purpose in involving himself in BNA's affairs was to assist his brother Theodore, in acquiring a loan and trust company.

Our conclusion is that Burnett masterminded the acquisition of the Crown Trust Shares from Cohen and Ellen and Co-Operators and that Burnett directed BNA's affairs as if he controlled BNA. In this respect, we accept the Staff submission and are prepared to look through the form of Burnett's relationship to BNA and find that BNA was a nominee for Burnett and that Burnett simply used BNA as an instrument to acquire a significant position in Crown Trust. There is ample authority for the Commission to look through the form of a transaction and rely upon the economic reality (see Pacific Coast Coin Exchange of Canada et al v. Ontario Securities Commission (1978) 80 D.L.R. (3d) 529, 538-539 (S.C.C.)).

However, we are unable to find that Burnett, using BNA as his nominee, violated the terms of the Temporary Order. The Temporary Order prohibits "Trading in common shares of Crown Trust Company...to Joseph Burnett...." The term "trading" is defined in section 1(1)42 of the Act and includes,

"i. any sale or disposition of a security for valuable consideration... but does not include a purchase of a security..."

"v. any act, advertisement, solicitation, conduct or negotiation directly or indirectly in furtherance of any of the foregoing...."

The Temporary Order therefore prohibits any sale of common shares of Crown Trust to Burnett.

It is clear that whatever Burnett did in his negotiations with Co-Operators and with Canwest, he did not sell common shares of Crown Trust. Staff urged us to find that Burnett's actions in instructing his counsel to accelerate the closing of the purchase of the Co-Operators shares and, through BNA, in making the offer to purchase the Crown Trust Shares held by Canwest, constitutes trading under part v. of the definition. We do not accept this submission. Burnett's activities were activities in furtherance of a purchase and, although for every purchase there must be a sale, we do not interpret the definition of trading in the circumstances of this case as including acts in furtherance of a purchase. This is particularly the case when "a purchase of a security" is expressly excluded from the definition of trading.

Burnett's course of action concerning Crown Trust was obviously affected by the Temporary Order. And we have found that his efforts to purchase the Co-Operators Shares and the Canwest Shares did not constitute trading contrary to the Temporary Order. We wish to comment, however, that Burnett did not act prudently in undertaking these activities in the face of the Temporary Order affecting dealings in Crown Trust shares. His conduct manifested a distinct lack of concern for the role of the Commission and its procedures.

In passing, it should be noted that this definition of trading may, in some circumstances, hamper the utility to the Commission of cease trade orders and the Commission is considering recommending an amendment to restore the definition of trading which existed prior to the amendments made to the Act in 1978, so that "trading" expressly includes both sales and purchases of securities.

We also take this opportunity to note that, based upon our interpretation of trading in these circumstances, if the Commission's intent in issuing the Temporary Order was to prohibit Burnett from acquiring an interest in Crown Trust, the Temporary Order must, according to its terms, be directed at the vendors, rather than the purchasers. As noted earlier, in this case, the Crown Trust Shares were placed in escrow before any sale of Crown Trust Shares was completed.

2. The Alleged Breach of the "Tipping" Prohibition

We now turn to the second basis alleged for the 124 order, and that is that Burnett was in a special relationship with Crown Trust and, in this relationship, he violated section 75(1)(b) of the Act by informing certain business acquaintances of a material change in the affairs of Crown Trust before the change was generally disclosed. The allegation is that in the course of a luncheon on August 24, 1982, Burnett advised one Leonard Haars, an executive of a company with which Burnett had business dealings, and Trevor Smith, the President of Burnac, that Burnett was seeking to acquire an interest in Crown Trust. Indeed, Haars called Smith a couple of days after the luncheon to confirm Burnett's intentions and, based upon this confirmation, purchased 200 Crown Trust common shares on August 27. Smith was advised by Burnett and Theodore Burnett on August 24 that they were intending to acquire a major minority interest in Crown Trust. Smith purchased 500 shares of Crown Trust on August 25. Mr. Raymond Menard, an officer of another company with which Burnett dealt, purchased 1,100 Crown Trust Shares on August 22, relying on advice from Burnett, prior to August 24, 1982 that Burnett was going to buy an interest in Crown Trust.

In order for Commission staff to prove this allegation, it must show that:

- (1) Burnett was in a special relationship with Crown Trust at the material times; and
- (2) the information communicated by Burnett constituted a material change in the affairs of Crown Trust.

Staff allege that Burnett was in a special relationship with Crown Trust by virtue of his becoming an insider of Crown Trust. Staff argue that there are two grounds for Burnett being considered to be an insider of Crown Trust. First, it is argued that Burnett beneficially owned or exercised control or direction over voting securities of Crown Trust carrying more than 10% of the voting rights attached to all voting securities of Crown Trust outstanding. It is alleged that Burnett's ownership or control arose by virtue of the August 24 agreement between Burnett and the Cohen and Ellen related entities. Staff argue that by virtue of section 101(2)(c) of the Act, ownership passed upon the execution of the agreement.

The second basis for staff's argument that Burnett became an insider by acquiring more than 10% of the voting shares of Crown Trust and by relying on section 1(8) of the Act. The argument is that Burnett, a director of BNA, is deemed to have been an insider of Crown Trust for the 6 months previous to the time at which BNA became an insider of Crown Trust.

We cannot accept either submission, because both submissions require a finding, either that Burnett beneficially owned the Cohen and Ellen Shares, or that BNA beneficially owned the Cohen and Ellen Shares. In our view, beneficial ownership of the Cohen and Ellen Shares did not pass to either Burnett or to BNA. This bloc of shares was put into escrow. Although by the terms of the escrow certain rights were conferred upon BNA concerning the Cohen and Ellen Shares, such rights fell short of constituting beneficial ownership.

There is a further complication for the staff's submission in that Burnett "tipped" his acquaintances at a time prior to his execution of the agreement with the Cohen and Ellen related vendors and therefore, even if Burnett did become an insider of Crown Trust by virtue of the agreement concerning the Cohen and Ellen bloc, he acquired this status after he "tipped" his business acquaintances.

Staff has a stronger argument that BNA acquired control of the Cohen and Ellen Shares as a result of the escrow agreement. Control is an alternative to beneficial ownership as a basis for an insider relationship. Although there were limitations upon the extent of the control, BNA did acquire the right to vote the Cohen and Ellen Shares - an important consideration in the context of a consideration of an insider trading offence. We have difficulty, however, in finding that control existed at the time Burnett informed his business acquaintances of his intentions to acquire an interest in Crown Trust. We, therefore, do not find that, if a special relationship did arise, it arose at the time at which Burnett communicated his intentions concerning Crown Trust to his business acquaintances.

In light of this finding, we do not need to reach a conclusion as to whether the communication by Burnett that he and his brother intended to seek at least a major minority position in Crown Trust is a material change. We do, however, wish to comment that, definitions of "material change" and "special relationship" aside, the principle of equality of information in the marketplace obligates any person or company which intends to acquire a significant interest in a company, in circumstances where possession of such information puts the person at an advantage over other participants in the marketplace, not to inform others of this intention, except in the necessary course of business. Although we have concluded that Burnett was not technically in a special relationship with Crown Trust, we wish to express our strong disapproval of Burnett's conduct in informing three of his business acquaintances of his intention concerning Crown Trust, information which enabled these business acquaintances to acquire shares of Crown Trust, and apparently subsequently dispose of the shares at a profit.

3. The Alleged Misrepresentation in The Globe and Mail

We turn now to the final allegation that Burnett caused to be issued, or acquiesced in, public statements reported in The Globe and Mail on September 1, 1982 which misrepresented his intentions and plans with respect to his acquisition of common shares of Crown Trust. The allegation is based upon the following passage which appeared in The Globe and Mail:

"Theodore Burnett, Chairman of BNA, said in an interview his company made the deal as a long term investment. 'We feel Crown Trust is a good investment at this time and we have patient money to do it with.'"

Staff argue that the article constitutes a misrepresentation in not disclosing the intention of Burnett to seek control of Crown Trust.

We are not so troubled by this statement, particularly in view of the statement in the same newspaper article by I.H. Asper of Canwest that Canwest stock is not for sale. In the article, Theodore Burnett is silent as to his intentions to increase BNA's holdings of Crown Trust shares. Disclosure of any intentions of the Burnetts to acquire shares, in addition to the Cohen and Ellen bloc, would not be required as of August 31 - particularly when the holder of the majority bloc had flatly rejected, in public, the possibility of a sale of that bloc. An intention by a person or company to do something, which once implemented would constitute a material change in the affairs of a reporting issuer, but which at the time the intention is formed, for reasons beyond the control of the person or company, is still not capable of achievement, is not ordinarily a material change in the affairs of the issuer.

4. Validity of the Temporary Order

An aspect of the case which merits brief comment, although it is not necessary to support our finding in the case, relates to the argument made by counsel for Burnett, that the Temporary Order was made without jurisdiction and is a nullity and, as a consequence, could not be the basis for making an order under section 124 of the Act. The basis for the argument of Burnett's counsel that the Temporary Order was illegal was that:

(1) it was in excess of the jurisdiction of the Commission;
and

(2) it violated Burnett's right to be presumed innocent until proven guilty, as provided in the Canadian Charter of Rights and Freedoms.

In a case such as this, it is open to a party which challenges the validity of a Commission order, to seek an order of the Commission revoking or varying the order subject to challenge, or to take appropriate action in the courts to have the validity of the order reviewed. We wish to emphasize that until such time as the Commission has revoked or varied one of its orders, or until such time as a court properly seized of jurisdiction has struck down an order as being void or voidable, the order remains in force, and can be enforced by the Commission. Accordingly, any person disregarding the order does so at his own risk until the validity of the order has been determined.

Conclusion

We have concluded not to issue a section 124 order against Burnett because the provisions of the Act, when applied to the facts of this case, do not support the allegations in the Notice of Hearing. We do, however, wish to repeat our strong disapproval of Burnett's conduct during the period the Temporary Order was outstanding and of Burnett's careless communication of information about his intentions to acquire Crown Trust. A statement of our concerns regarding Burnett's conduct is made in the body of our reasons and will stand as the only applicable sanction against Burnett in this case.

2.3 CORRIDA OILS LTD./J. R. HARRIS/F. J. WELLHAUSER/R. A. MCKENZIE

IN THE MATTER OF THE SECURITIES ACT,
R.S.O. 1980, CHAPTER 466

AND

IN THE MATTER OF CORRIDA OILS LTD. AND
J. RICHARD HARRIS, FRED J. WELLHAUSER AND RALPH A. MCKENZIE

RULING
(Section 73)

UPON the application of J. Richard Harris, Fred J. Wellhauser and Ralph A. McKenzie (the "Applicants") to the Ontario Securities Commission (the "Commission") for a ruling pursuant to section 73 of the Securities Act, R.S.O. 1980, C.466 (the "Act") that first trades by the Applicants in common shares of Corrida Oils Ltd. ("Corrida") acquired by the Applicants pursuant to Corrida's employee share benefit plan (the "Plan") are not subject to section 52 of the Act;

AND UPON it appearing to the Commission that:

1. Corrida is a corporation continued under the laws of Alberta and is a reporting issuer under the Act;
2. The common shares of Corrida are listed on The Toronto Stock Exchange (the "TSE");
3. The Applicants are the senior officers of Corrida;
4. Corrida has been experiencing financial difficulties, and has substantially reduced the salaries and benefits paid to all of its employees, including the Applicants;
5. To substitute in part for the reduced salaries and benefits being paid to its employees, Corrida has established the Plan;
6. The Plan has been accepted by the TSE subject to filing final documentation;
7. The Applicants hold in the aggregate 20.7% of the outstanding common shares of Corrida;

8. In the absence of this ruling or a statutory exemption from the prospectus requirements of the Act, clause (c) of subsection (2) of section 19c of the Regulation under the Act would render such prospectus requirements applicable to any trade by the Applicants in common shares of Corrida until such time as clauses (b) and (c) of subsection (7) of section 71 of the Act had been complied with and all such shares owned by the Applicants had been held for a period of at least one year from the date on which the last such share was acquired by any of the Applicants under the Plan; and
9. It is contemplated that allocations of common shares under the Plan will occur monthly;

AND UPON being satisfied that to make this ruling would not be prejudicial to the public interest;

IT IS RULED pursuant to section 73 of the Act that the first trade by each of the Applicants in each common share of Corrida acquired pursuant to the Plan is not subject to section 52 of the Act, provided that such first trade is made in accordance with the provisions of subsection (7) of section 71 of the Act.

AND

IN THE MATTER OF CONTROLLED FOODS INTERNATIONAL LTD.

ORDER
(Section 99(d) (e))

UPON the application of Keg Restaurants Ltd. ("KEG") received August 18, 1983 for certain rulings pursuant to s. 99 of the Securities Act, R.S.O. 1980, c. 466, (the "Act");

AND UPON being advised that:

2.5 HOLLINGER ARGUS LIMITED/LABMIN RESOURCES LIMITED

IN THE MATTER OF THE SECURITIES ACT,
R.S.O. 1980, CHAPTER 466

AND

IN THE MATTER OF HOLLINGER ARGUS LIMITED AND LABMIN RESOURCES LIMITED

RULING
(Section 73)

UPON the application of Hollinger Argus Limited ("Hollinger Argus") to the Ontario Securities Commission (the "Commission") for a ruling pursuant to section 73 of the Securities Act, R.S.O. 1980, c.466 (the "Act") with respect to the resale to shareholders of Labmin Resources Limited ("Labmin") of certain common shares of Labmin acquired by Hollinger Argus pursuant to a take-over bid and the first trades in such shares by the holders thereof;

AND UPON being advised that:

1. Hollinger Argus was amalgamated by Letters Patent dated May 25, 1916 issued pursuant to the Companies Act of Ontario;
2. Labmin was incorporated by Memorandum of Association dated May 5, 1983 under The Companies Act of Newfoundland;
3. Labmin was incorporated in order to participate in a restructuring (the "Restructuring") of Hollinger Argus, Labrador Mining and Exploration Company Limited ("Labrador Mining") and Norcen Energy Resources Limited ("Norcen");
4. The Restructuring, which was completed on July 28, 1983, was implemented through a series of transactions which included an Arrangement under the Companies Act of Newfoundland whereby each shareholder of Labrador Mining exchanged his shares of Labrador Mining on a one-for-one basis for common shares of Labmin on June 28, 1983;
5. Labrador Mining has been a reporting issuer within the definition of subsection 1(1)38 of the Act for more than 12 months prior to the date of this Application;
6. The common shares of Labmin were listed and posted for trading on The Toronto Stock Exchange and the Montreal Exchange on July 6, 1983 in substitution for the former listings of the shares of Labrador Mining, and Labmin accordingly became a reporting issuer within the meaning of clause 38 of subsection 1(1) of the Act on such date;

7. As at the date of this application, Hollinger Argus owns directly and beneficially 2,845,677, or approximately 68.3%, of the 4,168,003 issued and outstanding common shares of Labmin;
8. On August 3, 1983, Hollinger Argus made an offer (the "Hollinger Argus Offer") to purchase all issued and outstanding common shares of Labmin at the price of U.S. \$38.55 or the Canadian dollar equivalent per common share;
9. At the ordinary general meeting of shareholders of Labrador Mining held on June 15, 1983 to obtain the requisite approval of the shareholders of Labrador Mining to the Arrangement, in response to certain requests made by representatives of the minority shareholders of Labrador Mining, Hollinger Argus agreed that, immediately following the expiration of the Hollinger Argus Offer, Hollinger Argus would offer (the "Subsequent Offer"), directly or indirectly, to each of the shareholders of Labmin remaining after expiration of the Hollinger Argus Offer the right to purchase a pro rata portion of the common shares of Labmin acquired by Hollinger Argus pursuant to the Hollinger Argus Offer at a price of U.S. \$38.55, or the Canadian dollar equivalent, plus a pro rata share of the reasonable costs attributable to the making of the Subsequent Offer;
10. The costs attributable to the making of the Subsequent Offer by Hollinger Argus will be charged pro rata against the total number of common shares of Labmin purchased by Hollinger Argus pursuant to the Hollinger Argus Offer;
11. The right to acquire such additional common shares of Labmin will not be assignable by the shareholders of Labmin;
12. The number of common shares of Labmin available for purchase under the Subsequent Offer by each remaining shareholder of Labmin other than Hollinger Argus will be determined by a published formula, and the maximum number of shares to be so sold to such shareholders of Labmin by Hollinger Argus will be 124,068 common shares, or approximately 2.9% of the total issued and outstanding common shares of Labmin;
13. Hollinger Argus also agreed that on a date not later than June 28, 1987, it will make, or cause to be made, an offer (the "Final Offer") to all shareholders of Labmin other than Hollinger Argus or any company affiliated with Hollinger Argus to purchase their common shares of Labmin for cash at a price per share determined in accordance with a published formula based upon, inter alia, the market value of shares of Norcen which are the principal asset of Labmin;

AND UPON being satisfied that to make this ruling would not be prejudicial to the public interest;

IT IS RULED pursuant to subsection 73(1) of the Act that,

- (a) the distribution by Hollinger Argus to the shareholders of Labmin other than Hollinger Argus of subscription warrants evidencing the right to purchase additional common shares of Labmin from Hollinger Argus; and

- (b) the distribution by Hollinger Argus of common shares of Labmin pursuant to the exercise of such subscription warrants;

are not subject to sections 24 or 52 of the Act, provided that:

- (1) the first trade in common shares of Labmin acquired by shareholders of Labmin pursuant to the Subsequent Offer shall be subject to subsection 71(5) of the Act and section 18a of the Regulation as if such common shares had been acquired pursuant to one of the exemptions referred to in subsection 71(5) of the Act; and
- (2) for the purposes of any such first trade, Labmin shall be deemed to have been a reporting issuer for twelve months as at the date of the Subsequent Offer.

13. The exchange ratios inherent in the basis of the Amalgamation were determined by arms' length negotiation among Barrick, Cullaton, Sungate and certain principal holders of shares of Sungate;

3. Nor-Acme carries on the business of mining operations and development and has entered into an agreement with Amisk whereby Amisk will carry on a drilling program on mining claims in Manitoba (the "drilling program"). The cost of the drilling program to Nor-Acme will be approximately \$19,200 which payment shall be made to Amisk by the issuance of a maximum of 9,600 common shares at a rate of \$2.00 per share subject to adjustment by payment in cash by Nor-Acme should the price of the common shares on the date of payment to Amisk be less than \$2.00 as then traded on the T.S.E.
4. Amisk and Nor-Acme agreed to this transaction at arms's length.

AND UPON the Commission being satisfied that to so rule would not be prejudicial to the public interest:

IT IS RULED pursuant to section 73 of the Act that the issuance of up to a maximum of 9,600 common shares of Nor-Acme to Amisk is not subject to sections 24 or 52 provided that:

1. Subsection 71(5) of the Act shall apply to the first trade in the common shares acquired by Amisk pursuant to this ruling in the same manner as if the common shares had been acquired by Amisk pursuant to an exemption referred to in subsection 71(5):
2. Nor-Acme shall provide to Amisk a copy of this ruling together with a statement (the "Statement") that as a consequence of this ruling sought by Nor-Acme certain protections, rights and remedies related to the prospectus provisions of the Act including statutory rights of rescission or damages will be unavailable to Amisk:
3. Nor-Acme shall obtain from Amisk a written acknowledgement in a form acceptable to the Director that Amisk:
 - (a) has received a copy of this ruling and of the Statement;
 - (b) is aware of the limitations imposed by this ruling upon the disposition by Amisk of the common shares; and
 - (c) waives the protections, rights and remedies referred to in the Statement to the extent that they otherwise may have been available to Amisk.

5. Armitage proposes to convert his 10,000 Series C Shares into common shares and sell such common shares through the facilities of the TSE;

NOTICES/PRESS RELEASES

1.1 TAKE-OVER BID REPORT

FOR IMMEDIATE RELEASE
SEPTEMBER 26, 1983.

Peter Dey, Chairman of the Ontario Securities Commission, announced today that, in accordance with the Commission's request, a committee of securities law practitioners has submitted a Report to the Commission recommending changes to Ontario's take-over bid laws. The committee is made up of three lawyers with extensive experience in the regulation of take-over bids, Gordon Coleman, Garfield Emerson and David Jackson. The Report includes draft legislation implementing the recommendations.

The principal recommendations of the Report are as follows:

1. Removal of the Follow-up Offer Obligation and Replacement by a Restriction on Private Agreements at an Excessive Premium

The Report and accompanying draft legislation substitutes for the follow-up offer obligation a prohibition on an acquisition made by agreement with fewer than 15 shareholders where the acquiror owns voting securities carrying less than 50% of the voting rights if the price paid exceeds 115% of the 20 trading day weighted average market price for the securities acquired. The Report notes that a regulatory restriction on private transactions should relate to acquisitions of control at an excessive premium.

2. Take-Over Bid Threshold Lowered to 10% from 20%

Because transactions between 10% and 20% of the outstanding voting rights of an offeree issuer may affect control of the issuer, the Report recommends a 10% take-over bid threshold.

3. Integration of Certain Pre-Bid and Post-Bid Acquisitions with a Take-Over Bid Made to Public Shareholders

The Report recommends that negotiated acquisitions made within 180 days prior to the commencement of a circular take-over bid or within 180 days after the termination of a bid should be integrated with the public bid. Transactions within these time periods may be perceived as being part of the same economic transaction and each offeree in the negotiated acquisition and

the public bid should be paid the identical consideration for the securities acquired and should have the identical percentage of voting securities purchased by the acquiror. As part of this suggested change, the Report recommends that, except for unconditional cash bids for all securities of the class sought, private purchases by the offeror and related persons should not be permitted during the course of a public bid.

4. Rule Changes

The 21 day minimum period within which securities may be deposited under a bid is left unchanged; but the Report recommends no limit on the maximum period for deposit. Rather, fresh withdrawal rights are granted if deposited securities are not purchased within 60 days of the date of the bid.

The present 10 day period within which depositing holders can withdraw deposited securities is extended to the expiration of 21 days from the date of the bid. Offeree holders typically defer depositing their shares until the end of the deposit period and accordingly the 10 day withdrawal period is not particularly meaningful. The change is designed to provide holders with sufficient time to digest the impact of the offer, to assess market trading activity and the possibility of competing offers and to react not only to any competing offers actually made but also to the information and any recommendation contained in the directors' circular which must be communicated to offeree holders within 10 days of the making of the bid.

Unlike the present legislation, the draft legislation does not restrict the nature or type of conditions that an offeror may attach to its bid. The market place should determine the type of conditions that an offeror will be able to attach to its bid.

The Report also contains recommendations relating to rules applicable where there are changes in information and variations in the terms of a bid.

5. The Role of the Courts and the Commission

The Report recommends an expanded role for the courts where a violation of the take-over bid provisions is alleged. The Commission may grant exemptions from the take-over bid provisions so long as they are not prejudicial to security holders of the offeree issuer and to the public interest and so long as they are not retroactive in effect.

Mr. Dey stated that the Report would be available for comment until the end of October, after which the Report and all comments received would be reviewed by the Commission with a view to recommending appropriate amendments to the Ontario Securities Act.

Mr. Dey also stated that other securities administrators in Canada would be kept fully informed by the Ontario Securities Commission of comments concerning the Report and of the Commission's recommendations arising from the Report.

Copies of the Report will be available from the Secretary of the Commission on request.

Mr. Peter Dey, Q.C.,
Chairman,
Ontario Securities Commission,
Suite 1800
20 Queen Street West,
Toronto, Ontario,
M5H 3S8

Dear Mr. Dey:

As you know, your predecessor, Henry Knowles, invited the three of us to review and make recommendations to the Commission concerning the full scope of the application of Ontario's take-over bid legislation. We believe that the initiative of the Commission under Chairman Knowles in commencing this first review of Ontario's take-over bid legislation since the 1965 Kimber Report was appropriate. The dynamics of take-over bids in Canada have altered substantially in recent years. Changing economic conditions, forces in the competitive marketplace, innovative acquisition techniques and other factors have brought new pressures to bear upon the principles of fair and equal treatment for all shareholders and have also affected the integrity and efficiency of Canada's capital markets.

Ontario has always been a progressive jurisdiction in ensuring that all investors are treated fairly and have confidence that the securities markets are regulated in the public interest. We share these goals and hope that our deliberations may assist in an open public dialogue among all interested parties for evolution of an updated regulatory code governing take-over bids.

We are cognizant that regulatory schemes should not impose burdens on free market forces where the cost of compliance outweighs the benefits created by regulation. We are also aware that complex regulatory codes sometimes result in inadvertent non-compliance and that simplicity of structure lowers transaction costs. As a matter of principle, we believe that statutory patterns should not deter investment or hamper capital flows and that a dominant reliance on legislative rules may unduly impede the flexibility of competitive market forces which produce benefits for all investors.

We have, therefore, attempted to mould the regulatory scheme in a manner to prevent unintended harm to the take-over process and to avoid impeding take-over innovations and competition which generally benefits the investor. To impose unnecessary burdens on bidders tilts the balance in favour of defensive tactics for the benefit of hostile managements and directors of offeree issuers, often without any compensating benefits to the public shareholders to whom the bid is actually made. In this regard, we note that securities legislation regulates the activities of the offeror while the conduct of defensive tactics is generally beyond the scope and jurisdiction of that legislation.

In preparing our report and the accompanying draft statutory provisions to implement its recommendations, we have had the valuable assistance of two of our colleagues. Pat Finnerty of Blake, Cassels & Graydon, and William Gula of Davies, Ward & Beck, have each participated fully with us in the policy analysis, the formulation of views and the drafting of the report and the new proposed Part XIX of the Ontario Securities Act.

We would be pleased to review our report with the Commission at its convenience. We are fully aware of the range of policy issues that are involved and we remain committed to assisting the Commission, as best we can, in developing such legislative proposals as the Commission may consider appropriate.

Sincerely,

Gordon Coleman

2.11 VICTORIA AND GREY TRUSTCO LIMITED/THE PREMIER TRUST COMPANY

Explanatory Note

The applicant, V & G, made a take-over bid to increase its holdings to a minimum of 75% of the common shares of the target, P, at \$96.50 per share. V & G had an agreement with H, a 50.9% shareholder of P, that H would tender to V & G's bid, but if a competing offer were made during the currency of V & G's bid, H reserved the right to tender to that bid, unless V & G matched the consideration offered in the competing offer. One hour before the expiry of V & G's bid, a competing offer at \$112 per share was made to H. V & G elected to take up H's shares at \$112, and accordingly, was required to pay \$112 per share for the other shares tendered to its bid. Since as a result of its bid, the holdings of V & G in P had been increased to 92%, its bid duly expired in accordance with its terms. Accordingly, although V & G was required to give notice of the variation of the consideration offered by its bid to the shareholders of P who had not tendered to its bid, there was no opportunity for such shareholders to tender to the bid as varied.

V & G sought and was granted an order under section 99(e) of the Act permitting it to make a supplementary offer to the holders of the remaining 8% of the common shares of P at \$112, to ensure equal treatment of all the shareholders of P.

The applicant was prepared to make a new offering, but not prepared to extend its original bid because in the event a further offer for H's shares were made during the currency of an extended offer, it was arguable that H's contractual rights to tender to that offer or receive additional consideration would have revived.

ORDER

AND UPON reading the application and the material filed therewith;

AND UPON it appearing to the Commission that:

1. Under date of July 20, 1983, V and G Trustco made an offer to purchase all the issued and outstanding common shares of The Premier Trust Company ("Premier") not already owned by it and its subsidiaries (the "Initial Offer") at the price of \$96.50 per share;
2. Due to a competing bid for certain shares of Premier, V and G Trustco increased its bid price to \$112 per share just prior to the expiration of the time for acceptance of the Initial Offer;
3. Those shareholders of Premier who did not tender their common shares pursuant to the Initial Offer may not have received notice of the increased price prior to the expiration of the time within which the Initial Offer could be accepted;
4. To ensure that all shareholders of Premier are afforded the same rights and opportunities, V and G Trustco wishes to make a further offer, not subject to variation, to purchase any common shares of Premier tendered within 60 days of the new offer at the price of \$112 per share in the form of the offer submitted to the Commission;

AND UPON being satisfied that to so order would not be prejudicial to the public interest;

NOW THEREFORE it is ordered pursuant to subsection (e) of Section 99 of the Act as follows:

1. That V and G Trustco be permitted to make an offer to the shareholders of Premier whose last address on the books of Premier is in the Province of Ontario in the form of the offer submitted to the Commission;
2. 3. That in connection with such offer, the board of directors of Premier is exempt from complying with the provisions of Sections 96 and 97 of the Act and the provisions of the Regulation made under the Act relating to directors' circulars; and
4. That a copy of this order be forwarded to all shareholders of Premier whose last address on the books of Premier is in the Province of Ontario (other than V and G Trustco and its subsidiaries) together with the new offer, which shall be made to such shareholders on or before August 19, 1983.

("Eastern") to the Ontario Securities Commission (the "Commission"), received in perfected form July 4, 1983, for a ruling pursuant to section 73 of the Securities Act, R.S.O. 1980, c.466 (the "Act") that the issuance of certain securities by Eastern to its Ontario employees pursuant to Eastern's 1983 Wage Investment Program (the "Plan") and subsequent trades of such securities by its Ontario employees thereafter are not subject to sections 24 or 52 of the Act;

AND UPON it appearing to the Commission that:

1. Eastern, a Delaware corporation, has been subject to the Securities Exchange Act of 1934 of the United States of America (the "U.S.A.") since 1938;
2. Eastern is not a reporting issuer under the Act;
3. Eastern's common shares are listed on the New York, Midwest and Pacific stock exchanges;
4. Certain convertible debenture credits, convertible debentures, investment bonus credits and wage deferral credits of Eastern are offered to eligible employees of Eastern under the Plan, pursuant to a Form S-8 Registration Statement (which includes a prospectus) which has been accepted for filing by the Securities and Exchange Commission of the U.S.A.;
5. Pursuant to the terms of the Plan only the debentures and the common shares obtained upon conversion (the "transferable securities") are transferable by Eastern's employees;
6. Of Eastern's 38,000 employees eligible to participate in the Plan, 95 employees are located in Ontario (the "Ontario employees");

7. Eastern has undertaken to provide the Ontario employees with the same information with respect to the Plan as provided to Eastern's employees in the U.S.A.;

AND UPON being satisfied to make this ruling would not be prejudicial to the public interest;

IT IS RULED pursuant to subsection 73(1) of the Act, that the issuance of any of Eastern's securities to the Ontario employees of Eastern from time to time pursuant to the Plan is not subject to sections 24 or 52 of the Act, provided that:

1. Such trades are made in compliance with all applicable state and federal laws of the U.S.A.;
2. The Ontario employees will be provided with a copy of the Form S-8 Registration Statement (which includes a copy of the prospectus), any other information concerning the Plan which is provided to employees of Eastern in the U.S.A., and a copy of this Ruling;
3. The first trade in the transferable securities of Eastern acquired by the Ontario employees pursuant to this Ruling shall be made:
 - (a) in accordance with subsection 71(5) of the Act and section 18a of the Regulation made pursuant to the Act;
 - (b) pursuant to a statutory exemption from the prospectus requirements of the Act as if the relevant provisions were applicable to such trade; or

CHAPTER 1

NOTICES/PRESS RELEASES

1.1 MASCAN CORPORATION/STUART BRUCE MCLAUGHLIN

September 26, 1983.

Toronto, September 26, 1983. The Ontario Securities Commission announced today that it has commenced proceedings in the Supreme Court of Ontario under the Securities Act and the Business Corporations Act for the appointment of The Clarkson Company Limited to manage and conduct an inspection of the affairs of Mascan Corporation.

The application, which will be heard on October 5, 1983, follows a lengthy investigation carried out by the Commission Staff.

The Commission stated that it was initiating these proceedings because of concerns arising out of a number of related party transactions involving Mascan and Stuart Bruce McLaughlin, Mascan's controlling shareholder, and uncertainties regarding Mascan's ability to meet its ongoing obligations. These obligations include commitments to Mascan's creditors and shareholders.

The Commission will also seek an Order authorizing The Clarkson Company Limited to prepare a Report to the Court reviewing the affairs of Mascan and the related party transactions affecting Mascan and its shareholders and creditors. It is the Commission's intention, if such an Order is granted by the Court, to await such a Report before determining whether or not a permanent Order would be sought or other action should be taken.

1.2 RIDEAU CARLETON RACEWAY HOLDINGS LIMITED

September 26, 1983.

The Ontario Securities Commission today announced that it would hold a Hearing at 10:00 a.m. on Wednesday, September 28, 1983 at its offices, 18th Floor, 20 Queen Street West, Toronto, Ontario, to consider whether a Cease Trading Order should be issued with respect to any of the securities of RIDEAU CARLETON RACEWAY HOLDINGS LIMITED and whether any of the exemptions available to Rideau Carlton under the Securities Act should be removed. The Hearing is to be held in connection with an amendment to the articles of Rideau Carleton which was approved at a meeting of shareholders held at the end of July. The articles of amendment provide that the common shares of the company will be reclassified on September 30, 1983 into Class A shares which are redeemable on October 3, 1983 for \$0.55 per share. Any shareholder who wished to retain common shares could elect to do so by notice given to Rideau Carleton not later than September 15, 1983. It is alleged that insufficient disclosure was made to the shareholders in connection with this transaction, including the failure to provide a valuation of Rideau Carleton to shareholders.

The Hearing will be held pursuant to sections 123 and 124 of the Securities Act. If any party notified of the Hearing is absent, the Commission may proceed in his absence and he will not be entitled to any further notice in the proceedings.

1.3 CORPORATION FALCONBRIDGE COPPER

On March 4th, 1983 COME CARBONNEAU, President of CORPORATION FALCONBRIDGE COPPER was charged with using inside information to effect trades in securities of the said corporation. On September 12, 1983 Mr. Carbonneau pleaded guilty and was convicted of Insider Trading and received a fine. This is the first instance of a conviction under section 75 of the Securities Act.

1.4 NOVA SCOTIA SAVINGS & LOAN COMPANY

NOVA SCOTIA SAVINGS & LOAN COMPANY

The Ontario Securities Commission has previously issued a notice dated September 10, 1981 that Nova Scotia Savings & Loan Company ("NSS&L") had alleged breaches of the take-over bid and other provisions of the Securities Act in respect of trading in the common shares of NSS&L on The Toronto Stock Exchange and elsewhere by persons and companies acting in concert to effect an unlawful take-over bid. Staff of the Commission subsequently investigated trading in the common shares of NSS&L by H. Reuben Cohen, Leonard Ellen, Mico Enterprises Limited and J.H.C. Associates Limited. The Commission's staff has concluded its investigation and has found no evidence to substantiate the complaints made by NSS&L. The Commission has closed its file with respect to such complaints.

AND UPON First Federal representing that:

1. First Federal is a mutual savings and loan association federally chartered in the United States of America (the "U.S.A.");
2. First Federal intends to convert to a stock association pursuant to a Plan of Conversion (the "Plan of Conversion") approved by its eligible savings account and borrower members (the "Members") and the Federal Home Loan Bank Board (the "Bank Board");
3. Pursuant to the requirements of the Bank Board, all stock to be issued upon the conversion of First Federal to a stock association must be initially offered to the Members, of whom there are, resident in Ontario, approximately 350, who represent approximately .025% of all Members;

5. Sales of the securities of First Federal to be issued to the Members may only be made under a final subscription offering circular which has been accepted by the Bank Board and the Insurance Corporation;

AND UPON the Commission being satisfied that to rule as requested would not be prejudicial to the public interest;

IT IS RULED pursuant to section 73 of the Act that the granting by First Federal of non-transferable subscription rights to Members resident in Ontario pursuant to the Plan of Conversion and the issuance of shares of common stock pursuant to the exercise of such subscription rights are not subject to section 24 or 52 of the Act provided that:

1. A final subscription offering circular prepared in connection with the Plan of Conversion is accepted for filing and authorized for use by the Bank Board and Insurance Corporation;
2. First Federal sends to each Member resident in Ontario the same information in connection with the Plan of Conversion that it sends to Members resident in the U.S.A. and files a copy of all such information with the Commission;
3. At the time of all trades to Members made pursuant to this ruling First Federal is not in default of any requirement of the Bank Board or any legislation administered by it; and
4. All first trades, by Members resident in Ontario, of common stock acquired pursuant to the exercise of the subscription rights referred to herein are made in the over-the-counter market in the U.S.A. through the facilities of the National Association of Securities Dealers Automated Quotation System.

REASONS: DECISIONS, ORDERS, RULINGS

3.1 CONSOLIDATED ASCOT PETROLEUM CORPORATION

IN THE MATTER OF SECTION 73 OF THE SECURITIES ACT

R.S.O. 1980, CHAPTER 466

AND

IN THE MATTER OF CONSOLIDATED ASCOT PETROLEUM CORPORATION

Hearing: September 7, 1983

Present:	Peter J. Dey, Q.C.	- Chairman
	Keith E. Boast	- Vice-Chairman
	E. S. Miles	- Commissioner
	R. J. Kane	- Commissioner
	David Knight	- Counsel for the

		Commission
	R. B. Stappels	- Counsel for the
	S. Reinstein	Applicant
	I.C.B. Currie	- Counsel for
		minority shareholder

REASONS

The Applicant, Consolidated Ascot Petroleum Corporation, is a British Columbia resource company resulting from the amalgamation of three companies. The amalgamation was effective February 1, 1982. The predecessor companies were British Columbia reporting issuers by virtue of public offerings of their securities in the period 1978 to 1981. The Applicant is not a reporting issuer under the Securities Act of Ontario (the "Act"). The common shares of the Applicant are listed and posted for trading on the Vancouver Stock Exchange. Of the 7,284,189 common shares outstanding, 2,283,186 common shares (approximately 32% of the issued common shares) are owned by residents of Ontario. Of the total of 970 shareholders of the Applicant, 232, or 24%, are Ontario residents.

As required by Policy 6.2 and pursuant to the prospectus exemption in clause 71(1)(h) of the Act, the Applicant proposes a rights offering to shareholders in Ontario to subscribe for units comprising one \$5 cumulative, convertible, redeemable preference share and two Series A warrants.

By virtue of section 17(4) of the regulations under the Act, the rights so granted could only be traded outside the "closed system", i.e. without restriction, if, among other things, the issuer is a reporting issuer and has been a reporting issuer for at least twelve months. Similar resale restrictions are applicable to the securities underlying the rights. The Applicant, however, is seeking a section 73 ruling from the Commission which would exempt first trades in the rights and in the preference shares and warrants underlying the rights from these resale restrictions. The Applicant has proposed a condition to the ruling to the effect that the securities may only be resold by shareholders resident in Ontario through the facilities of the Vancouver Stock Exchange in accordance with the laws of the Province of British Columbia.

The Applicant advised the Commission that it proposes to apply for listing of its common shares on The Toronto Stock Exchange when it achieves its anticipated cash flow from the sale of gas and, indeed, that preliminary assurances had been received from the Exchange that the Applicant's shares would qualify for listing on the Exchange. The Applicant was well aware, however, that even listing its shares on The Toronto Stock Exchange would not relieve Ontario shareholders of the resale restrictions in section 71(4) of the Act and section 17(4) of the regulations under the Act, until the Applicant had been a reporting issuer for a period of twelve months.

Representatives of shareholders resident in Ontario argued that they would be at a disadvantage to shareholders resident in other provinces of Canada if they could not resell the rights and underlying securities; that because the Applicant is a reporting issuer in British Columbia, at least the Vancouver marketplace has available all of the information required under applicable laws of the Province of British Columbia; and that it would be anomalous for common shares of the Applicant, in their view, to be available in secondary markets for purchase by Ontario residents, while the Ontario shareholder exercising its rights could not sell securities of the same class.

The Applicant also undertook to put on public file a compilation of the disclosure documents previously filed in British Columbia and to proceed diligently to obtain a listing of its shares on The Toronto Stock Exchange.

The Commission heard from officers of the Company as to the need for the infusion of equity capital to reduce the pressure on the Company's bank line.

It is apparent that the Applicant has a considerable following in the Province of Ontario. Indeed, the Commission was advised that the holdings by Ontario residents resulted from interest by approximately six brokers active both in the Vancouver and Ontario markets.

In the end, we have decided to decline the application but, in doing so, wish to comment upon the issues raised by this applicant.

The circumstances of the Applicant are probably not uncommon. An issuer does a primary financing in a jurisdiction outside Ontario and, somehow, the securities which are the subject of such financing, find their way, in considerable numbers, into the hands of a considerable number of Ontario investors. The issuer subsequently proposes a transaction such as a rights offering or corporate reorganization, which involves an issue of securities to its shareholders, including the shareholders resident in Ontario. In order to issue the securities in Ontario, the issuer must rely upon prospectus

exemptions in the Act, the consequence of which is that the securities are issued into the "closed system". Securities issued into the "closed system" cannot be traded outside the system until certain conditions are satisfied. An important condition is that the issuer have built a record of disclosure in Ontario. This record is, of course, achieved by the issuer becoming a "reporting issuer" and having maintained the status for a specified period. Unless these conditions are satisfied, securities issued by issuers which are not reporting issuers can only trade within the "closed system".

In addition to appearing, in some cases, to be condoning ex post facto back door underwritings, to grant this application would amount to the Commission recognizing listing on the Vancouver Stock Exchange as qualifying an issuer as a reporting issuer in Ontario. The Commission believes that this latter objective is one that should be pursued as our capital markets become more and more integrated. However, at this time, without further exploration of the issues raised by such recognition and without carrying on necessary discussions with officials of other Canadian stock exchanges and other Canadian securities administrators, the Commission is not prepared to grant this recognition. The Commission will, however, initiate these discussions with a view to expanding the basis upon which an issuer qualifies as an Ontario reporting issuer.

In the meantime, Ontario investors interested in securities trading in other markets, should be on notice that in some circumstances securities which they receive pursuant to certain of the exemptions in the Ontario Act may be subject to restrictions upon resale. Brokers in Ontario should also ensure that Ontario investors who they interest in securities traded in other capital markets are aware of these potential restrictions.

We have not, of course, denied to the Applicant access to Ontario investors. The Applicant can make the rights offering and offer the underlying securities pursuant to a prospectus, which would relieve Ontario shareholders of the resale restrictions.

DATED at Toronto this 12th day of September, 1983.
